**Project Title: Simple Landing
Page**

Task Description

ACreate a simple landing page with a clean, responsive design. Design and develop a simple, responsive landing page. The page should feature a prominent headline, a brief description of the product or service, a clear call-to-action button, and a contact form. Incorporate an attractive layout with engaging visuals and ensure compatibility with mobile devices. Optimize the page for fast loading times and include basic SEO best practices. Ensure clean, maintainable code and cross-browser compatibility.
